Bidding guide

Timed Auction

Bidding guide

What is a Timed Auction?

The auction is held online only, without auctioneer. The closing of lots is staggered with each subsequent lot closing one minute after the previous one. If a bid is placed within the final moments of bidding for a particular lot, the bidding for that lot will be extended for 3 minutes to allow for counterbids.

Register

1

Make an account

Go to: <https://connect.invaluable.com/devuyst/>.
Complete the form with your contact and credit card details.

2

Identity check

We run a check on your details. Your registration request is being processed.

3

Confirmation

You will receive an email once your registration is approved.

4

Bid limit

The default bid limit is 7.500 € (each auction), to comply with AMLD-5 legislation. Verify your account to lift the bid limit. The process is quick and easy: <https://www.invaluable.com/inv/kyc-compliance/>

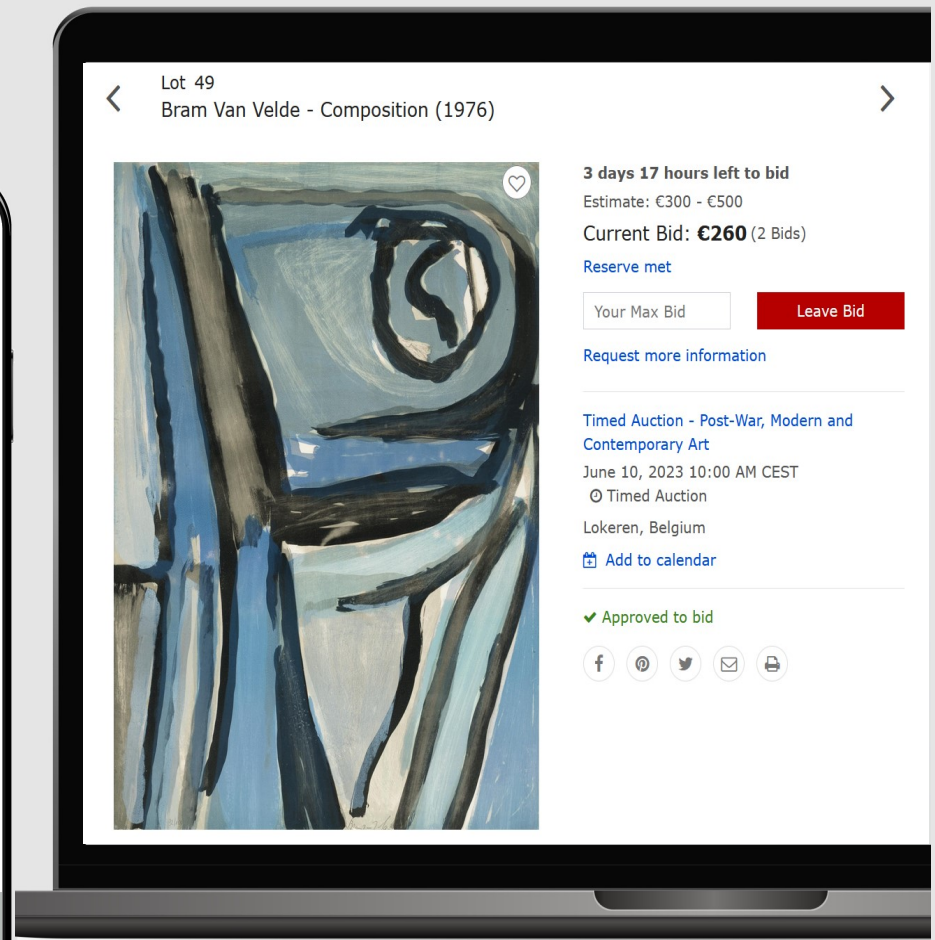

Choose lot

- Go to the **lot page** of your favorite item.
- “Approved to bid” will show: you are ready to place your bid.
- A **countdown** will indicate the time remaining before bidding closes on this particular lot.

Mobile

Web

Place bid

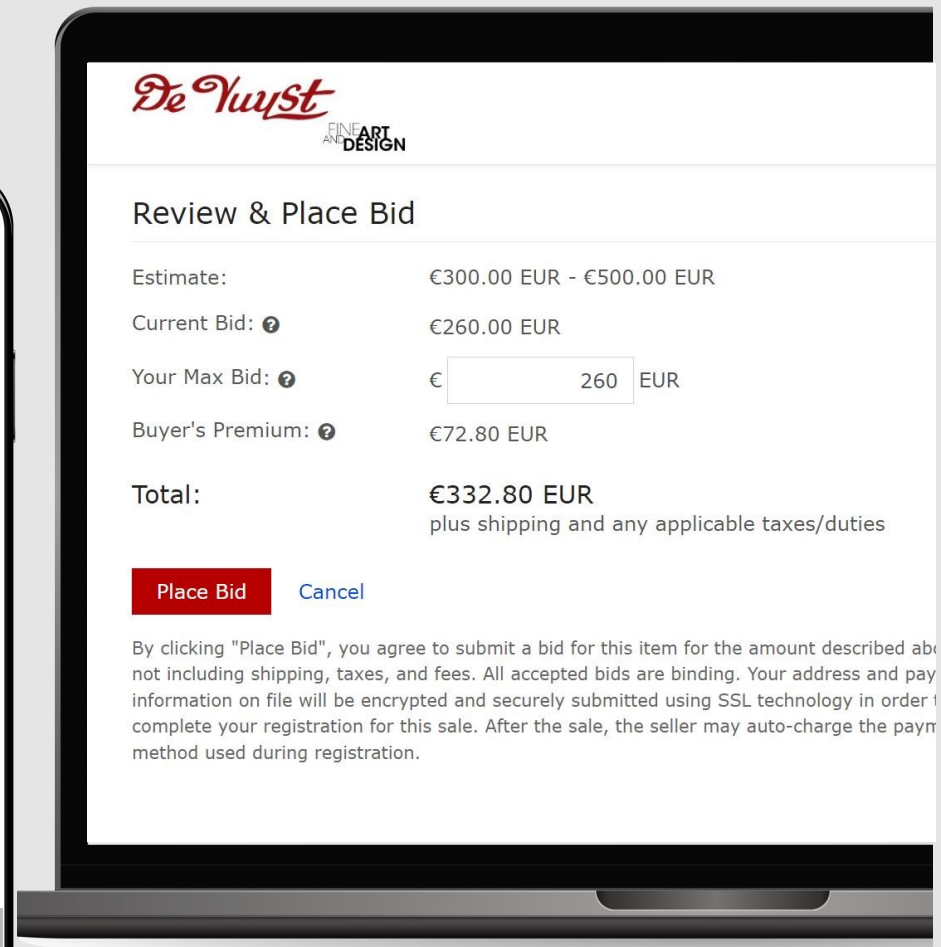

1

Place your bid*

- A **valid bid** equals at least the starting bid, or is higher than the current bid.
- The next page will show an **overview** of your bid. Confirm by clicking the button.

Mobile

Web

*Hammer price, excl. additional fees

Place bid

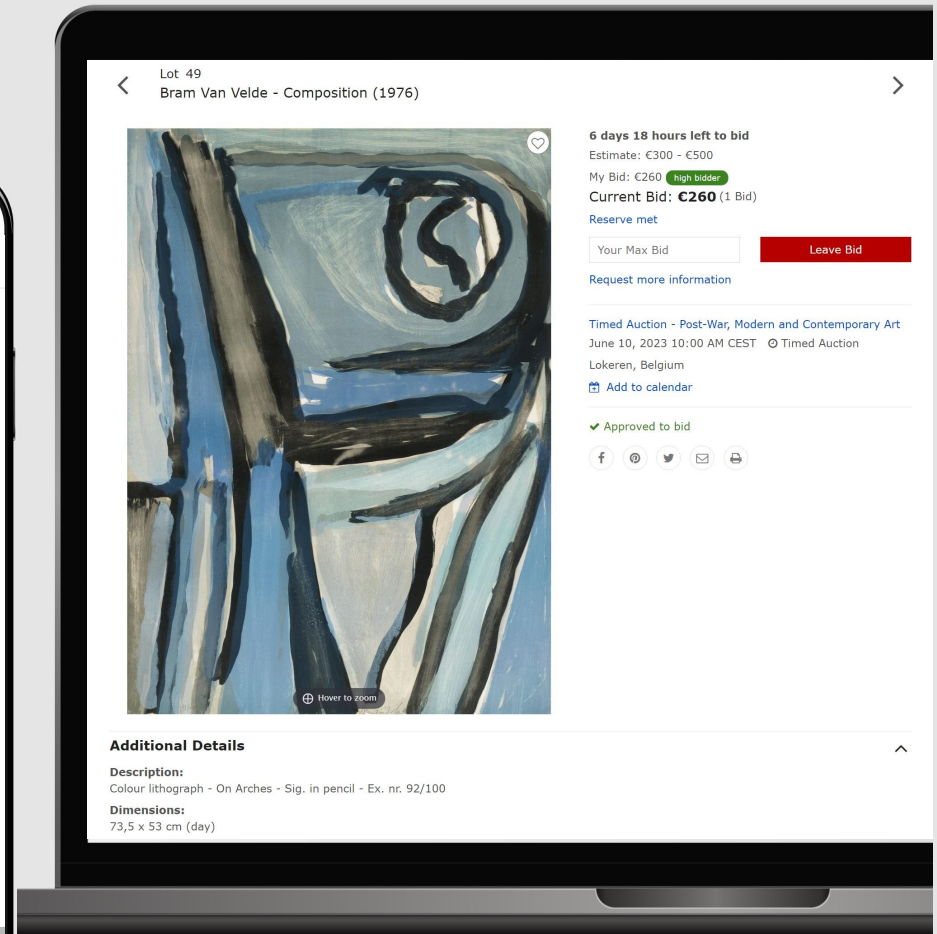

2

Confirmation

- You will receive an **email** confirming you bid has been placed and containing all additional information.
- The notification “**High bidder**” will show: you are the highest bidder.
- Bids can be **adjusted** or **cancelled** through “My Bids”.
